ACTIVE CASE FINDING ACTIVITY REPORT (january2019)

MAMATA MEDICAL COLLEGE

KHAMMAM

S. No	Name of Block/Town/City	Total mapped Target population	Number screened for symptoms	Number examined for sputum	No of TB patients diagnosed
1	Balalasadana	37	22	22	0
2	Happy Home	38	28	28	1
3	Ujjwala Home	24	18	18	0
4	District Jail	160	117	14	1
5	Shivayagudem	659	248	37	3
6	Mother Theresa Foundation	70	38	37	0
Total		947	471	156	5

Gaps:

- Majority of the people are daily wage labor, so unable to screen them 9AM to 4PM
- Mentally challenged: unable to collect sputum sample.
- Due Stigma of the disease no proper response from the people.
- No proper IEC related to TB.
