- ◆ Attract medical professionals and teachers of eminence

and develop centers excellence in all specialities.

- ◆ Socialization by including right attitudes, skills, ethical and moral values.

OBJECTIVES

Adopting community oriented approach towards medical practice to teach and train medical students. To develop appropriate and need based research for infectious and life style diseases and to develop models to control them.

MESSAGE FROM THE PRESIDENT

On Behalf of the Mamata Educational Society, it gives me immense pleasure in welcoming the fresh batch of MBBS and BDS students who joined in Mamata Medical and Dental College for the academic session **2016-2017**. Congratulations for having succeeded in getting admission to professional courses.

In view of the heavy syllabi and lengthy duration of these course, the students should learn and adopt to the new methods of teaching and training in professional college. The present trend of integrated teaching and problem based learning will soon replace the existing system and make the training more meaningful.

Being the premier and first self financing private medical college in our state lot of efforts were put in to make it one of the best educational entities in this state. Having built a reputation for excellence in professional education and research, with the best quality facilities and faculty, it delivers quality medical education to more than 1000 on roll students and nurture a confident generation of doctors. For this quality based approach in professional education **National Assessment and Accreditation Council (NAAC), Bangalore** on 01.05.2015 with the **CGPA of 3.31 on four point scale at 'A' Grade with a descriptor VERY GOOD.**

I must also inform you that Ragging is a serious offence and anybody indulging in ragging will be liable for severe punishment under the Anti Ragging Act. Beware and avoid such situations where the college authorities are compelled to take unpleasant actions, which really nobody wants to. This **Academic Calendar** is intended to be a medium to provide some additional information about the college and its regulations etc.

I wish you all the best for a successful passage through the course and a very bright future.

PUVVADA AJAY KUMAR
President, M.E.S.

DEAN'S MESSAGE

I have great pleasure to welcome you all to the Mamata Medical College. I hope to convey the passion and enthusiasm that both staff and students bring to all that they do here, making Mamata Medical College such a wonderful place to learn.

Our emphasis is on developing the right kind of attitude and humane approach in treating the sick and needy. I encourage students to take full advantage of the facilities available and perform to their full potential. I assure you that our faculty and administration would always be supportive in all endeavours. As a prospective student or parent or an interested visitor, please take some time out to learn more about us through our website. Our office and I would be pleased to interact or correspond if you would like to know more or collaborate with us.

This academic calendar is to provide some important information and guidance for students and their families about our college policies and routines.

MAMATA MEDICAL COLLEGE

Mamata Medical College was established in the year 1997-98. It is the premier and first self financing private college in Telangana and moving towards improving the standards of medical education, research and bringing solutions to health problems of the people of the district and humanity. Mamata Medical College has a history of struggle and success. Twenty years ago one man had a dream to educate young and aspiring members of the society and transform them into doctors but also to cater the needs of the poor people of Khammam with advanced medical services. It was this dream of our founder Manya Sri Puvvada Nageshwer Rao Garu, a multifaceted humanist who inspired and elevated men and women of this region, which lead to the establishment of this institution. Today the college has grown into an excellent medical centre and spread over a sprawling area of 42 acres of lush green vegetation with beautiful natural surroundings with most modern amenities. It is not only recognized by MCI, Dr. NTR University of Health Sciences and Govt. of India, but also internationally (WHO). College is recognised to have 150 MBBS seats and 98 PG degree and Diploma seats alongwith 3 seats in M.Ch courses. The college is also is recognized for PhD program in 5 departments. The college is also re-accredited by the the **NAAC, Bangalore** on 01.05.2015 with the **CGPA of 3.31 on four point scale at 'A' Grade with a descriptor VERY GOOD**. These institutes are also approved and accredited by Higher Learning Accreditation Commission of Texas (HLACT) from November 2015 for keeping up international education standards and academic quality procedures. In the year 2007 both college and hospital were accorded **ISO 9001:2008** for quality management system and conducting standard medical courses and patient care by JAS-JAZ, Australia.

All these have been possible due to the relentless efforts of Sri. Puvvada Ajay Kumar, MLA, Khammam our President, MES. His untiring, unrelenting perseverance transformed the rocky plateau into a bustling community. His vision and experience is the guiding spirit for this college. He stood behind the institution in its most difficult days and the rapid progress of this college stood as an eloquent testimony for his vision.

Having built a reputation for excellence in professional value based medical education and research with the best quality facilities and faculty; it delivers quality medical education for more than 1000 roll students and nurtures a confident generation of doctors. The college also included in its curriculum integrated teaching and problem based learning to make the training more meaningful. By adopting evaluation of teachers by students and feedback from students and faculty on various programs and administration including adoption of MENTERSHIP and making it as RAGGING FREE COLLEGE. Central research lab facilities are made available for staff and students to conduct their basic research.

The fully automated central library has nearly 30,000 books, 180 national and international journals in addition to the Dr. NTRUHS MEDNET and digital library with 50-node high-speed Internet facility and broad band Internet connection with unlimited downloading time, to all 23 departments in the college.

The college is supported by an ultra modern Mamata General & Super Speciality Hospital with state of the heart qualified and experienced specialists with 1000 teaching beds and 12 Intensive care units. The hospital is able to attract and serve patients from surrounding 8 districts with 12 specialties and three super specialties (Cardiology, Neurosurgery and Urology). Hospital is also accorded **with ISO 9001 : 2008** for quality management system and conducting standard medical courses and patient care by JAS-JAZ, Australia.

Owing to the high standards of professional education and training and fine infra structure facilities and faculty the campus attracts a large number of students from all over India and abroad. Today the campus provides one of the finest environments for studies in medical field. All efforts are aimed to make this campus an excellent CENTRE FOR LEARNING.

Hippocratic Oath

- ◆ I will look upon him who shall have taught me this Art even as one of my parents.
- ◆ I will share my substance with him, and I will supply his necessities, if he be in need.
- ◆ I will regard his offspring even as my own brethren and I will teach them this Art, if they would learn it, without fee or covenant.
- ◆ I will impart this Art by precept, by lecture and by every mode of teaching, not only to my own sons but to the sons of him who has taught me, and to disciples bound by covenant and oath, according to the Law of Medicine.
- ◆ The regimen I adopt shall be for the benefit of my patients according to my ability and judgment, and not for their hurt or for any wrong.
- ◆ I will give no deadly drug to any, though it is asked of me, nor will I counsel such, and especially I will not aid a woman to procure abortion.
- ◆ Whatsoever house I enter, there will I go for the benefit, of the sick, refraining from all wrongdoing or corruption, and especially from any act of seduction, of male or female, of bond or free.
- ◆ Whatsoever things I see or hear concerning the life of men, in my attendance on the sick or even apart there from, which ought not to be noised abroad, I will keep silence thereon, counting such things to be as sacred.
